

Hi, My name is **Jennifer Ekwueme**. I attend Lake Highlands High School. I came to the U.S.A 7 years ago. I plan to major in Biology, PreMed and Natural Science. My dream is to become a pediatrician. I know of the challenges on the way and am ready to face it, in order to achieve my goals. “If awarded the PACE scholarship, I am convinced that my unique identity, forged through challenges, sacrifice, and unwavering love, will be a valuable asset to both the college campus and the broader community.”
